

Code

```
#include <stdio.h>
int main(void) {
    int x, sum = 0;
    printf("Enter Item price: ");
    scanf("%d",&x);
    while (x!=0) {
        sum += x;
        printf("Enter Item price: ");
        scanf("%d", &x);
    }
    printf("total = %d\n",sum);
    return 0;
}
```
